

# DMTI Spatial Data

## Terms of Use

### Authorized Use of DMTI Data Products

Access and use of DMTI CanMap Data is governed by a license between DMTI and CRKN. These data products are made available through Scholars GeoPortal for the exclusive use of current, authorized users (faculty, staff members, and students) at an Ontario University or a subscribing university outside of Ontario. In using the data available via Scholars GeoPortal, you are agreeing to the [Scholars GeoPortal Terms of Use](#) and to the general [Scholars Portal Terms of Use](#).

DMTI Spatial Inc. is the owner of the intellectual property rights (including copyright) in these data products. Data users are advised to fully respect the provisions of Canada's Copyright Act as well as terms and conditions imposed by the data provider.

These data products are provided for the exclusive purposes of teaching, academic research and publishing, and/or planning of educational services at the University, and may not be used for any other purposes without the explicit written approval, in advance, of DMTI. Authorized users are prohibited from using these data products and software in the pursuit of any contractual or income generating ventures either privately, or under the auspices of their institution.

Publications that include any data and analysis resulting from research using DMTI Spatial Data Products must cite DMTI Spatial Inc. as the source of the data. If data are to be included in such scholarly communications they may only include raster images and must not include vector data without the express permission of DMTI. DMTI Spatial Inc. should also be acknowledged on any derivative product, whether printed or electronic, including for example, a printed map, a raster or vector graphic, a web-based application, etc.

These data products contain Postal Code<sup>OM</sup> Data copied under license from Canada Post Corporation.

Copies of these data and software products may be retained by authorized users for the period necessary to conduct the research or teaching, including their use as evidence of research methodologies and results and subsequent research and analysis.

### Disclaimer

These data products are provided 'as is', and neither DMTI nor Scholars GeoPortal make any representations or warranties, either expressed or implied, as to the appropriateness and fitness for a particular purpose. Please send your feedback (questions, report data problems or recommend improvements) to Scholars GeoPortal, [geoportal@scholarsportal.info](mailto:geoportal@scholarsportal.info), or directly to DMTI through their website at <http://www.dmtispatial.com/>.
